They Deliver The Dallas News

CARRIERS IN THE SOUTH DALLAS AREA

Shown above are seven of the small army of Negro schoolboys who deliver The Dallas News to Negro families in South Dallas. Carriers' ages range from thirteen to sixteen. Six of them are students in Lincoln High School. The seventh, at extreme right is a pupil of Wheatley Elementary School. Fifth from left is Isaac Jackson, an assistant district manager. Third from the left is Robert White, a member of the Lincoln High football and basketball squads.

CARRIERS IN THE EAST AND NORTH DALLAS AREAS

Fourteen of the twenty-two youths shown above are high school athletes. James Hill, in the center of the middle row—in track suit—is an all-State end on the Booker T. Washington High School football team. He is also a three-year letterman in basketball and an outstanidng track star.. Second from the left in the back row is Victor Matthews an assistant district manager in The News' city circulation department, with some eighteen boys working under his direction. He is a senior in Booker T. Washington High. At the right end of the second row is Virgil Stanley an all-state backfield football player and star track man (9.8 seconds for the 100-yard dash). He too, is at Booker T. Washington. Virgil has carried The News for three years and plans to go to college. A third track man not shown in this picture, is Robert Smith.

For Information-
For Interpretation-
For Entertainment-

They Earn While They Learn

The carriers pictured in the two groups above constitute a part of alert, athletic Negro grade and high school students who deliver Dallas' morning newspaper on city neighborhood routes outside school hours. Like all city neighborhood route carriers of The News these boys make substantial money and are acquiring valuable business training while pursuing their main vocation—that of getting an education.

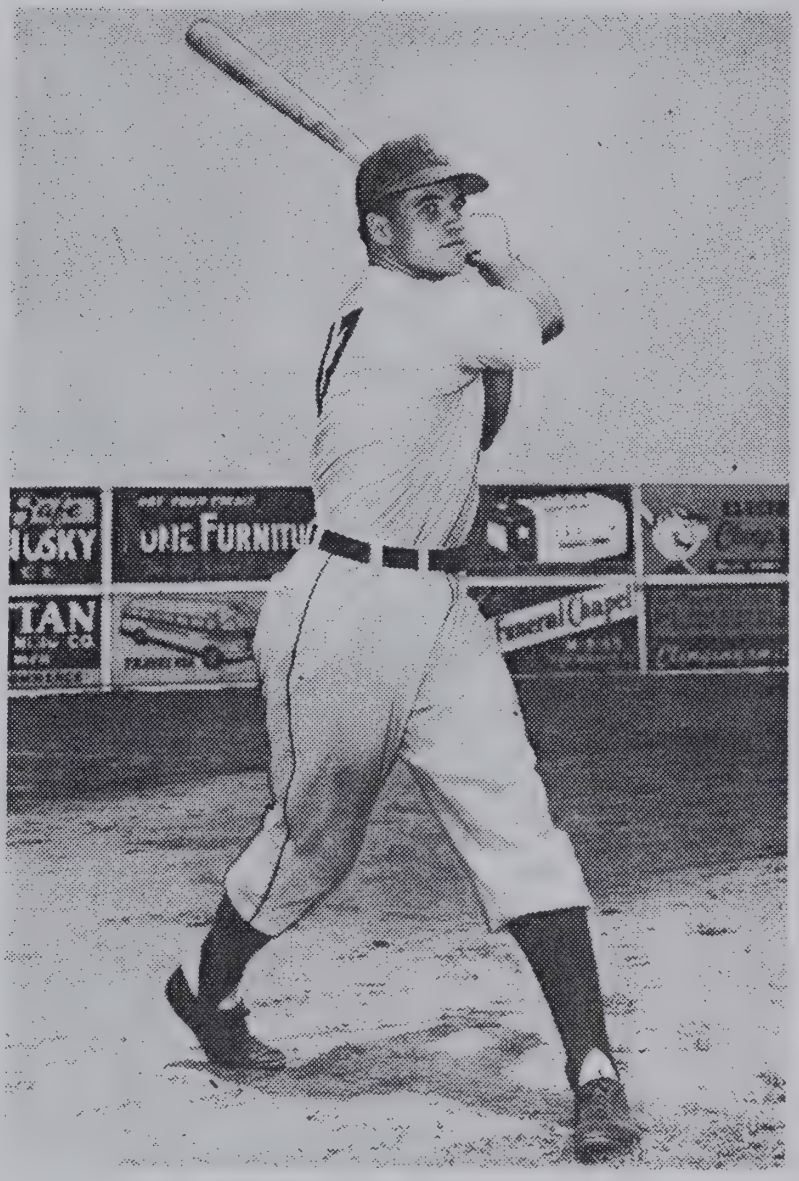

The Leader Is The Dallas Morning News

The News is proud of these Negro boys of its carrier organization . . . Proud, too, of the readers served by these carriers. In building citizenship we are all working in a common cause. To this end, The News will continue to uphold its fairly earned reputation for championing better understanding and fair dealing for all.

Dallas Negro Chamber of Commerce, Sponsor

INTRODUCTION TO *Dallas*

By J. W. RICE, Sec.-Mgr., Dallas Negro Chamber of Commerce

J. W. RICE

You, the reader, may be opening and using this book to find an address, to ascertain the number and kinds of businesses conducted by Negroes here or you may be a visitor who hopes from the information contained here to decide just what sort of city Dallas is. Whatever your reason for opening this book is, we hope that the materials contained here will prove ample for your needs.

This foreword is included for the reason that figures and facts alone cannot tell the whole story of the growth and development of a city nor can they describe the changing times and atmospheres which determined many of the facts which are set forth.

Dallas is 106 years of age. Its first building was a rough shelter of cedar boughs thrown up by John Neely Bryan, founder, a Tennesseean who migrated to this spot on the banks of the Trinity River in the hope of establishing a trading post to serve the Indians who were numerous in this vicinity.

Hearing of white families located at what is now Arlington, Bryan journeyed there and persuaded several families and their dependents to come with him to this spot and thus was Dallas born. When its first government was established in 1856 the city contained little more than one square mile of territory. Today it covers 90.5 square miles and is constantly growing.

The history of Dallas is the history of five generations of workers who saw tallow candles change to neon signs; ox carts to airplanes; one room log cabins to thousand room skyscrapers of steel and aluminum; who changed a tradinng post on the prairies where barter was done in skins for lead, gunpowder and staples to a crossroads of the world where commerce with all parts of the globe goes on from day to day in thousands of products from myriad enterprises.

LOCATION AND TRANSPORTATION

Lying along the north and south banks of the Trinity River, Dallas, county seat of Dallas County, is located in the heart of one of the most fertile and productive of the black land sections of the nation. U. S. Highways 67, 75, 77, 80 and 175 converge in it as do state highways 1, 114, 289 and 352. 72 passenger trains and many more motor coaches arrive and depart daily from its Union Railway Terminal and 11 bus line terminals. Love Field, major airport in Dallas, ranks first in the state and eighth in the nation and makes the city a cross roads of the world with its arrival and departure of 112 commercial air flights daily.

POPULATION AND SERVICES

Metropolitan Dallas has an estimated population of 466,300 of which an estimated one-sixth is Negro. This represents an increase since 1940 of nearly 46 percent.

These people have 110,965 gas meters, 100,128 water meters, 116,310 electric meters and 158,857 telephones.

In 1946 Dallas banks had clearings of 9 billions of dollars and postal receipts of 8 million dollars. Retail sales were 425 million dollars, wholesale sales more than one billion dollars and building permits for residences were nearly fifty-two million dollars.

Dallas street railways which travel an average of 56,500 miles daily in 1946 carried 104,947,442 passengers; 348,578 pounds of air mail and 100,000 air express shipments were received and sent; electric consumption was 573 million kilowatt hours and gas consumption was 16 million cubic feet.

Dallas is also home of The State Fair of Texas, largest state fair in the world.

NEGRO CITY DIRECTORY

T. W. PRATT
Co-Publisher Negro City Directory

The young women (shown in the photo below) are typical representatives of the large number of persons, on the College and High School level, who found steady employment, both in the office and 'afield', during the lengthy period required to compile the Negro City Directory of Dallas (1947-48 edition).

CLERICAL STAFF FOR NEGRO CITY DIRECTORY

CGC 84147663 R
1947-1948

NEGROES AS A PART OF DALLAS

Participation of Negroes in the growth and development of Dallas begins almost with the founding of the city. Records show that some Negroes were with the first founding families and that as the city developed they increased both in number and in civic, religious and economic activity.

The freedmen of Dallas founded churches, lodges and benevolent societies among themselves as a first step toward overcoming the handicaps which slavery had placed upon them. Gradually those who had access to the best training and environment in the homes in which they had been slaves and in which they still worked as house and personal servants began to buy land and to enter small businesses. Several of them moved farther out into the county and bought farms, some of which still remain in the possession of their descendants.

As the city advertises itself as a trade and business center, it began to attract eastern capital and as business opportunities increased its population both white and Negro increased. One of the first and still one of the most powerful means of advertising Dallas is the State Fair of Texas, largest state fair in the world. Almost since its beginning it has reserved a special day for Negroes. In the early days Booker T. Washington, H. M. Council and other leaders of the race were brought in as speakers, music was furnished by choruses of the Negro schools and many of the thousands of Negro fair visitors, seeing opportunities, moved to Dallas and became a part of the aggressive movement which has resulted in its present size and desirability as a place in which to live and work.

Early Negro business ventures include a bank, several cooperative grocery concerns, livery stable and cab services, moving, storage and furniture concerns, a building and real estate concern, a dry goods store and shoe store, an amusement park, a motion picture theatre when the invention was still new, a theatre for all-Negro shows, barbershops, cafes, tailor shops, pool halls and saloons.

The Peoples Undertaking Company founded in 1900 was the first local Negro corporation and is the oldest Negro owned undertaking parlor in the city. The Dallas Express Publishing Company, founded by the late W. E. King was the first newspaper and commercial print shop. Records also show that representatives of several churches and lodges came together in the early days and purchased the Negro cemetery in North Dallas, long since abandoned and now forming a part of the proposed Central Boulevard.

PRESENT STATUS AND FUTURE PROSPECTS

Although Dallas interracially has had its rough spots, it has been remarkably consistent for the degree to which the races have worked together for the development of the city as a whole. Points of contact between the races have increased through the passing years to the point that today through the Negro Chamber of Commerce, which recently celebrated its twentieth anniversary, along with other organizations Negroes have opportunity to help in the planning for most of the movements in the city which affect them.

The most recent proof of this fact is found in the adoption of a whole program for the expansion of Negro parks, public auditoriums, streets, hospital and recreational facilities by The Greater Dallas Association. The program was made up from studies made by committees of the Negro Chamber of Commerce which discussed them with governing officials before the overall plan became the program for a greater Dallas within the next twenty years. In order that the Negro public might be intelligent on the proposals the Mayor and City Plan Engineer discussed preliminary maps and diagrams before an audience of several hundred tax payers and property owners at a special meeting held in one of the larger Negro churches.

Negroes vote in all of the city, county and state elections now that the Democratic Primary has been opened to all who profess loyalty to the Democratic Party. In 1946 Dallas had nearly 13,000 Negro holders of Poll Tax receipts and exemptions excluding ex-servicemen. The Texas Club of Democratic Voters and The Progressive Voters League are the two political organizations most active in the city during campaigns.

Other active organizations include the NAACP which has a membership goal of 10,000 for 1947, the Interdenominational Ministerial Alliance, the Housewives League and Retail Merchants Association, both affiliates of the Negro Chamber of Commerce, Moorland Branch YMCA and Maria Morgan Branch YWCA each with modern buildings and equipment.

Paid secretaries are maintained by The Boy Scouts of America, The Girl Scouts of America and The Big Brothers movement. In addition Dallas Negro college graduates maintain chapters of every nationally organized fraternity and sorority which operate along with clubs and associations of dentists, physicians, postal employees, beauty culturists, barbers and others. Dallas Negro workmen are well represented in the labor movement in the skilled as well as the unskilled division. Social clubs of the city number more than 100.

DALLAS FIRST NEGRO POLICEMEN

DALLAS MAIL CARRIERS

Left to Right, standing: Price Hughes, McKinley Turner, Felix Wilson and Herbert Gibson. Left to right seated: Isaac Haynes and Joseph Conway.

CHURCHES, SCHOOLS, PARKS AND BUSINESS ENTERPRISES

An estimated 40,000 Negro church members in Dallas maintain approximately 130 churches of all denominations. Some of these churches own properties and buildings valued in excess of $100,000 and raise annual budgets of from $30,000 to $50,000 through which they operate vacation Bible Schools, kindergartens and other character building programs. It has been well said that Dallas Negro ministers are among the most active in the Southwest in civic and social community movements.

The Dallas Board of Education operates two modern high schools for Negroes, Lincoln and Booker T. Washington, and fourteen elementary schools in which 9,783 of the 11,463 Negro scholastics are enrolled. More than 300 teachers and other workers are employed for the regular school session of nine months with such summer sessions as are indicated each year. Some provision is made for the teaching of vocational courses such as carpentry, metal work, auto mechanics, catering and sewing. Night classes for adults also are becoming an increasingly important feature of school operations for Negroes in the city.

Dallas parks and playgrounds rank among the best in the south for Negroes. Six parks containing 70 acres offered recreation in tennis, swimming, wading, indoor games and outdoor movies to a total of 287,534 persons during the past fiscal year.

Wahoo Park, largest in the city, contains a club lake and modern rock clubhouse. Supervisors are maintained the year round at three of the parks. A branch of the Carnegie Library is also maintained for the use of Negroes.

Dallas contains either home or branch offices of 11 Negro owned life insurance companies. The Excelsior Life Insurance Company with assets of over million dollars and the recently organized Peoples Life and Accident Insurance Company were organized in Dallas and maintain home offices here. Several burial associations, mutual aid societies, a mutual fire insurance company and branches of several fraternal orders complete the Negro insurance picture.

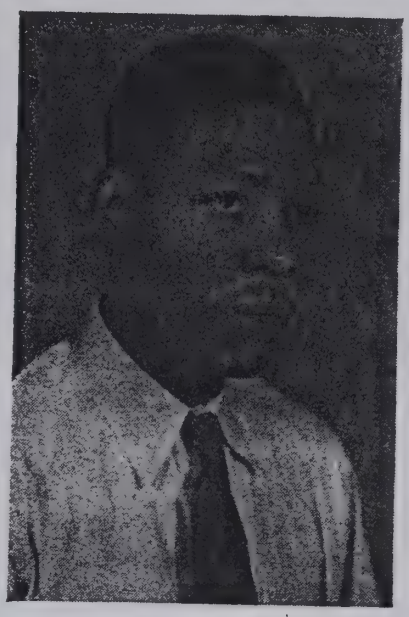

According to OPA records Dallas contains 90 Negro grocers, 1 bakery, 18 registered barbershops, 12 barbecue establishments and 256 restaurants. Negroes also operate 14 funeral homes, 4 modern cab stands, 3 ladies hat and ready-to-wear stores, 1 men's haberdashery, 3 variety stores, 30 listed beauty shops, several well equipped shoe repair shops, drug stores, record shops, radio repair and sales shops, service stations and garages, income tax and accounting services, photographic studios, a recording studio, light and heavy truck hauling, print shops, upholstery shops and furniture repair shops, ice cream and candy stores which make the products they sell.

Among the professions and special services for Negroes are listed 19 physicians, 7 dentists, 2 naturopaths. 1 optometrist, 1 Dental technician,, nnumerous trained and practical nurses, real estate dealers, architects, contractors and specialty salesmen.

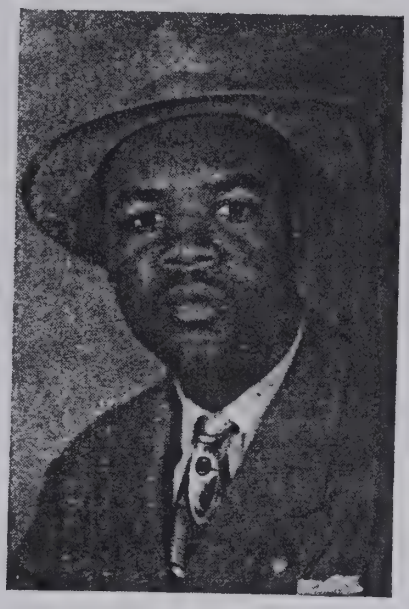

This listing of organizations and business concerns is by no means complete. But when it is realized that all of these forces and people are working together with all other groups in order that the future of the city may be improved, it seems reasonable to prophesy a really "greater Dallas" with horizons unlimited.

Dallas Attorneys

C. B. BUNKLEY

Crawford Benard Bunkley, Jr., was born in Denison, Texas, July 21, 1921. Mr. Bunkley attended the public schools of Denison which he completed in 1937. In September of the same year he attended Prairie View College where he received an A. B. degree in 1941. He went to the University of Michigan Law School (1941-1944). Mr. Bunkley received his degree (LL.B.) at the University of Michigan, and came to Dallas, Texas, March, 1944, to the Law Office of W. J. Durham where he obtained his license to practice law in the State of Texas. Mr. Bunkley has associated with Mr. Durham in the following cases: Perry Field's Murder case, Lawrence Addley rape case, and the Sweatt case.

W. J. DURHAM

W. J. Durham, well known throughout the nation for his able prosecution of a large number of the suits affecting Negro civil rights was born in Hopkins County. His elementary and high school work was done in the public schools of Greenville, Hunt County. Following his graduation there he enrolled in Houston Academy, then operated by the Baptists of Texas, and in succession was graduated from Emporia State College in Kansas where he received his Bachelor's Degree, and from Kansas University from which he received his degree as Bachelor of Law. Several subsequent months were spent in special courses in the University of Bordeaux in France.

On two occasions in recent years he has acted as special prosecutor in murder cases in Dallas County. He is well known for his work in connection with the Lonnie Smith case which when finally decided by the United States Supreme Court opened the Democratic Primary for Negro electors. He has been the attorney of record in numerous teacher pay suits throughout Texas. And now, as a part of the legal staff of the NAACP, he is and has been since its beginning, one of the leaders in the prosecution of the Heman Sweatt case which seeks equalization of educational opportunity and represents the first direct attack on segregation ever made by Negroes in a southern state.

BISHOP E. M. PAGE

The Late Bishop E. M. Page was born in a log cabin in Yazoo County, Mississippi May 9, 1871, the son of a farmer. His school room education was very limited since he spent much time at the farm helping his father with the chores. He studied hard at home by the scant light of the old "pine knot fire". Laboring under these untoward circumstances, he came to the realization that he was not a self-made man but a God-made man.

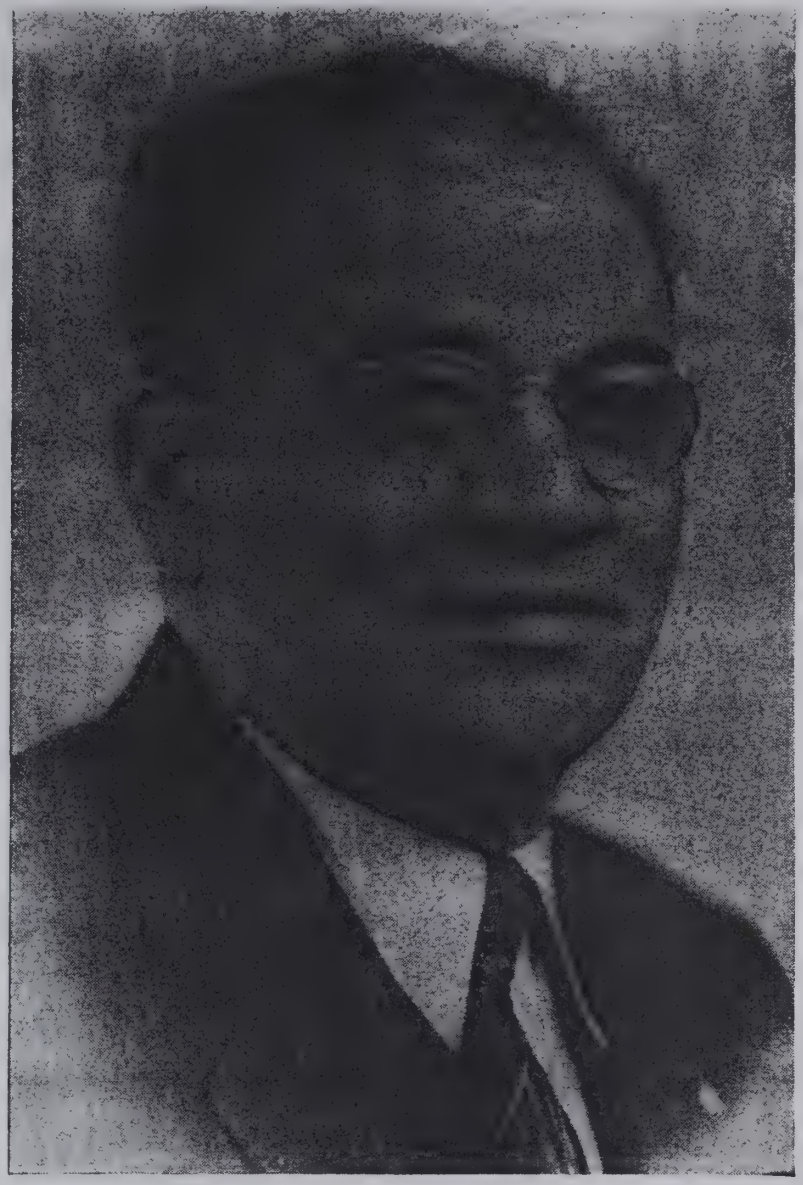

Bishop Page was married to Mollie C. Woods Page, who was born in Henderson County, Tennessee.

He came to Dallas in 1914 to accept charge of a church which, at that time was located on Cochran treet. It was a wrecked structure with a scattered flock which owned no church property. Bishop Page was appointed Overseer of the State of Texas at the State Convocation in Houston, Texas that year; and organized a church in Denison, Texas and one in Waco, Texas, during the latter months of 1914 and the first of 1915.

In 1916, the Convocation met in Paris, Texas; and at the 1917 Convocation which was held in Beaumont, the Ministers and Workers Meeting was organized. Plans were discussed for founding a Holiness School in Texas. As a result, sixty-eight acres of land were purchased in Hearne, Texas in 1918, to which was later added another two hundred acres. This site served as the first steps toward the realization of the Page State Normal Industrial and Bible Institute.

In 1923, Bishop Page and his followers began building a church on Thomas Avenue, and today, a beautiful brick veneer edifice costing thirty thousand dollars stands as concrete evidence of their untiring labors.

In Oklahoma from 1916 through 1922, Bishop Page and his coworkers went about their task of building churches and establishing the Lord's name. In 1922, Bishop Page was appointed State Overseer of Oklahoma, established State Headquarters in Oklahoma City, and fostered the work there in the same spirit in which he lived—"To see a real New Testament ministry and a church without spot or wrinkle or any such thing."

CHARLIE BRACKINS

Among the phenomenal developments in the civic life of Dallas none is more remarkable than the amazing career of the late Charlie Brackins. In the interval between World Wars I and II this doughty individual amassed a huge fortune and blazed new trails for Negro youth in fields previously unknown to them or their ancestors. Jovial, unassuming and wholly 'down to earth' in the early stages of his meteoric career, 'Charlie' never changed. The great and the near great likewise had no better fare with him than the common man, whose welfare and uplift he considered a personal trust!

Highlights of a Great Career

Charlie Brackins was the first properly and fully accredited Bondsman in Dallas, appointed by the Federal Courts. He was also the First and only Fire Insurance and Fidelity Bond's Broker of his race in Texas. Mr. Brackins, in the opinion of a majority of his friends, both Negro and White, has no 'equally worthy' qualified successor in either position. Being a zealous civic leader his affiliations with various organizations contributed to their general advancement. Mr. Brackins was an active member of the Dallas Negro Chamber of Comerce; The Moorland Branch Y. M. C. A., The Progressive Voter's League, of which he was a charter member; the National Association for the Advancement of Colored People and the New Hope Baptist Church.

Dallas Progressive Voters League

1935 — 12 Years of Leadership — 1947

1. Promoted Poll Tax Campaigns
2. Encouraged the use of the ballot
3. Urged civic responsibility
4. Waged educational programs to acquaint the people with issues
5. Advocated equal facilities and accommodations
6. Stressed honesty, unity, goodwill and understanding in politics
7. Supported candidates with favorable attitudes toward all people
8. Participated in all phases of activities for community uplift.

Advantages of Membership in the Knights of Pythias

1. Gives Friendship and aid in time of need.
2. Buries the dead and provides for the needs of widows and orphans.
3. Cares for and aids sick members.
4. Issues certificates not subject to debts and payable only to the beneficiaries.
5. Gives benefits at the lowest cost. Flat rate to all. No assessments. This economical plan applies to all between the ages of 16 and 55.
6. Ranks high in the payment of benevolent aid.
7. Licensed by the State as a Fraternal and Benevolent Society.
8. Dues within reach of all.
9. Furnishes mutual protection to all.
10. Furnishes travel card which is recognized throughout the Pythian world.
11. Aids in the solution of economic problems and employment conditions.
12. Gives both moral and active support to religious and educational institutions answering every call made.
13. Advocates the patronizing of business interests and support of those giving employment to Negroes.
14. Contributes service, finance, influence, and efforts to all civic and racial programs.
15. Fraternal institutions are the only agencies uniting the masses of Negroes in a business way. Our records enable the public to have implicit confidence in the management of the Knights of Pythias.

Good Street Baptist Church

Dr. T. M. Chambers, Sr., Pastor of the Good Street Baptist Church, Moderator of the Northwest District Association and President of the Baptist Missionary & Educational Convention of Texas. He was a representative and preached at the Baptist World Alliance in Copenhagen, Denmark.

On Sunday morning, December 29, 1947, the historic Good Street Baptist Church was burned and suffered a complete loss. The pastor and the faithful and determined membership and friends immediately began work on plans to rebuild the structure, which is being reconstructed at an approximate cost of $120,000.00. The new structure will contain more auxiliary and class rooms, thereby enabling more activities to be carried on without any interference, one with another. Plans for organizing more auxiliaries in all branches of religious work, and broadening the activities of many that are already functioning are being carefully made and outlined by the pastor. We are hopefully praying that we can enter the completed structure by the first of the year. Plans are being gradually outlined for the day when the doors will be opened and an elaborate ceremony will be arranged in connection with the regular church worship service.

DR. B. R. RILEY

Salem Baptist Church

Bezaleel R. Riley, B. Th., D. D., Pastor

2201 Parish Street
DALLAS 1, TEXAS

HISTORY

The Salem Baptist Church was organized in 1888 in the home of Mrs. Jane Moore, mother of Mrs. Mamie Wren on S. Preston St., with Rev. G. R. Griggs and Bro. J. S. Sims, officiating. Another charter member who still lives is Mrs. Maggie Manley; still faithful and active in carrying on her religious duties.

Salem Baptist Church is noted for its great evangeilstic services and a soul-winning station in the City of Dallas since its organization. The present pastor—Dr. B. R. Riley has been instrumental in indoctrinating its membership in the higher principles of Christian Church life. The method he used in financing the church is by "Tithes and Offerings." Thus the church has succeeded greatly spiritually and financially under his administration. Pastor Riley is a great teacher and leader of men.

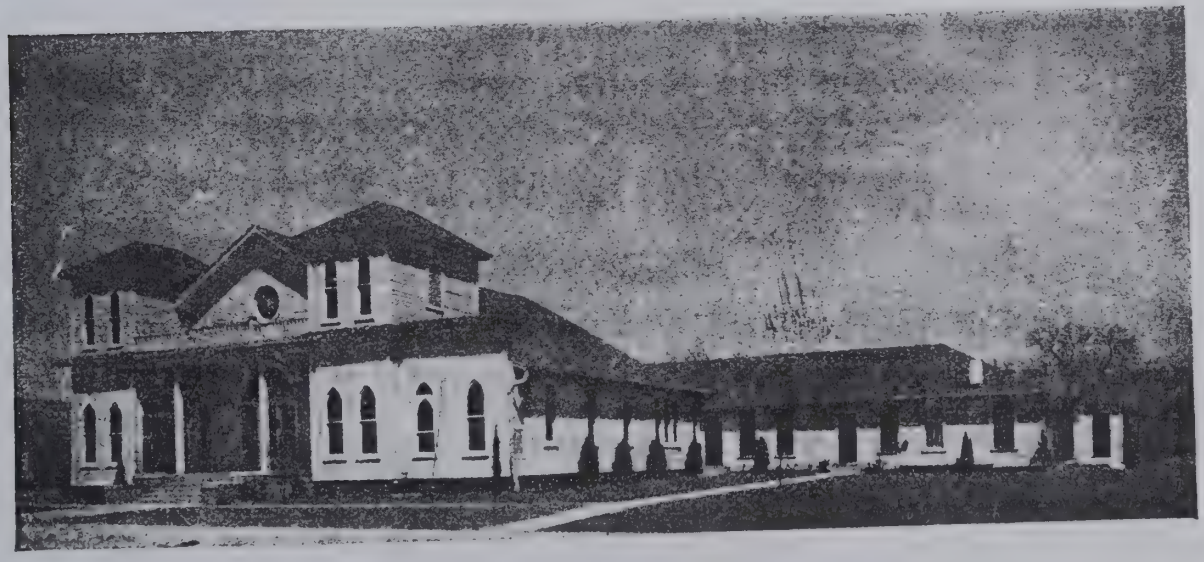

The corner of Preston and Paris streets was the home site of Salem Baptist Church for thirty (30) years. In November, 1946 we started moving our church to the new site—710 Bourbon St. Our first services at this location were held February 6, 1947.

Auxiliaries and Leaders

Salem Church School, Mr. E. Washington; Supt Baptist Training Union, Mrs. Veessie Links; Director, Missionary Society, Mrs. Birdie Coleman; Pres. Trustee Board, Price A. Wren; Chm. Deacon Board, G. R. Petty; Chm. Sr. Deaconess Board, Mrs. Anna Gray; Chairman Jr. Deaconess Board, Mrs. Jewell Smith; Chm. Music Dept., Windell Kizzee; Director general Senior Choir, John Gray; Pres. Gospel Choir, J. L. Easter; Pres. Youth Choir, Oscar Bush; Supervisor, Dr. Watts Chorus, Will Hunt; President Mission Chorus, Mrs. Joella Locke; President, Pianist, Mrs. E. J. McCann; Prayer Group, Ben Beard; Chm. Usher's Board, Thomas Wright; Pres. Boy Scout Troop No. 154, T. Roy McNeary, Scoutmaster; Pianist for Church School and B. T. U., Mrs. Hazel W. Partee. The most recently organized group is the Laymen's League, V. B. Phillips, President. Finance Committee: G. R. Petty, Chm.; Thomas Wright, Mack Gray Jr., M. F. Hawkins, Miss Maudie B. Gale, Clerk.

We extend to all a cordial welcome to visit our services.

Greater Bethlehem Baptist Church

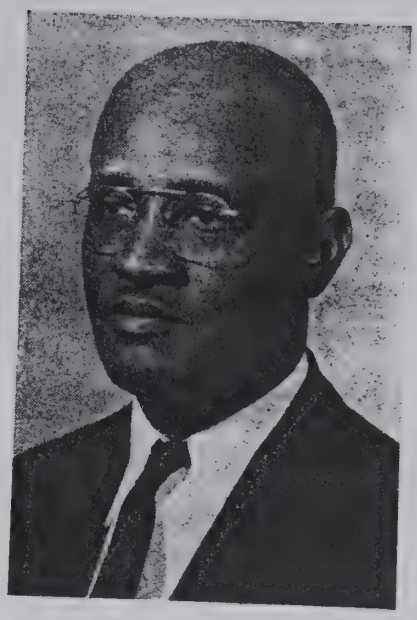

Inset: REV. C. C. CHOICE

Reverend C. C. Choice, who began pastoring Greater Bethlehem Baptist Church in the year of 1932, and with the help of five deacons and thirty members who were strong in mind, put forth every effort to make this a great church. The starting deacons were: C. D. Robinson, Clarence Jackson, Esquire Knott, Sherman McGriff and James Weatherby... With them were:.. Rev. J. Jones and Rev. J. R. Westbrooks.

Reverend Choice received an honorary degree from Houston College and was a teacher in the public school system of East Texas for some time. He is also a trustee of North Texas College of Denison, Texas. While a student at Bishop College, he received rare honors as an orator.

Mt. Horeb Baptist Church

Rev. P. E. Castle

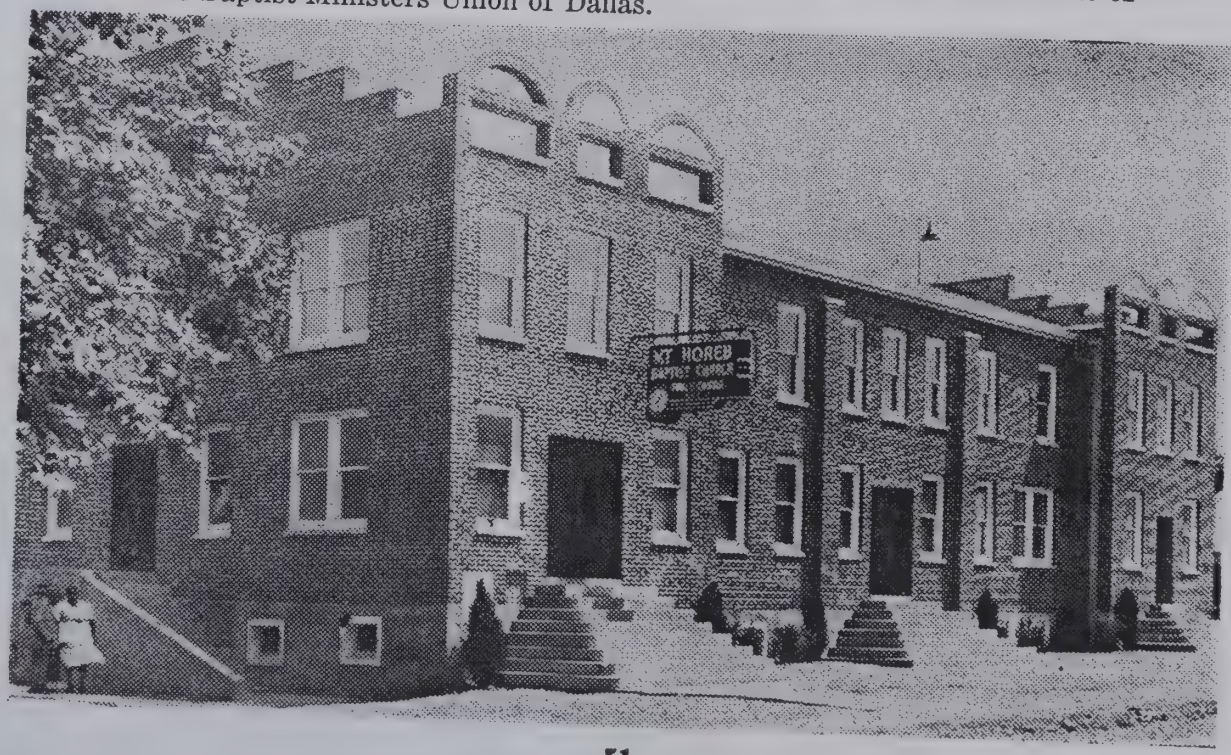

Rev. P. E. Castle was born in Brazos County, Bryan, Texas. His parents were Jeff and Texanna Castle. He received his elementary training in the elementary school of Bryan, Texas, and his high school work was done at Kemp High of the same city. His college training was secured in Boyd's Industrial College at Oakwood, Texas, where he received his B.T.H. degree and honorary D.D. from the Theological Department of the school. He was converted at an early age, baptized and joined Samaria Baptist Church, Waxahachie, Texas, under the pastoate of the Rev. A. A. Gordon. He later took membership with the New Chapel Baptist Church, Bryan, Texas, Rev. S. E. Diggs, Pastor.

In 1916 he was licensed, and in the same year ordained to the gospel ministry by the Dr. S. E. Diggs, and others. He then accepted the pastorate of the St. Matthews Baptist Church, this church was organized, and a creditable church plant built and paid for by him. He served as Pastor of the Union Baptist Church where he remodeled the church and successfully led it for two years.

Because of his record as a preacher, pastor, builder and a constructive leader, he was called to the pastorate of the great Mt. Horeb Baptist Church, Dallas, Texas, in 1922. During his pastorate here a fine $10,000 church has been erected, later annexed at a cost of $4,000.00, and a neat dining room built at a cost of $700.00.

The church has grown rapidly and the church plant became too small for the church to efficiently carry on its work so, in 1946 during the month of March, the old building was taken down and a new plant built. This building is one of the most beautiful, modernly designed church plants in the state. The building is 54 by 90 feet, with its basement a main floor, complete balcony, fourteen rooms for office space and educational work, complete dining room, thoroughly equipped Public Address system, with chimes on the roof of the church that can be heard three miles, and a beautiful neon sign.

The church is thoroughly furnished throughout with eight thousand dollars worth of furniture. The plant was built at a cost of $90,000, and has a seating capacity of 900 people. Rev. Castle has filled many places of honor and trust among Baptists in Texas and the Nation. He has served once as Vice Moderator of the St. John Landmark Association; President of the B.Y.P.U. Congress of the same District and President of the Baptist Ministers Union of Dallas.

Rev. G. Haven Caldwell,
A.M., D.D.
Minister St. Paul Methodist
Church

St. Paul Methodist Church

Corner North Good and Munger Streets
Dallas, Texas

This Church Congregation looked ahead 20 years ago when the present church was erected. It is planned with an Education Unit for Christian Education. It has a Recreational Unit for Supervised Recreation. It has a Social Unit, with kitchen and dining room, for Social Service. It has ample office space for Minister and Secretarial Staff. It has a large, commodious and comfortable sanctuary for Divine worship.

The many services carried on at Saint Paul Church, are under competent supervision.

It solicits the support of the public, because Saint Paul believes it has an invaluable service to render.

St. Paul advocates and promotes the "King's Business", and "The KING'S BUSINESS DEMANDS HASTE".

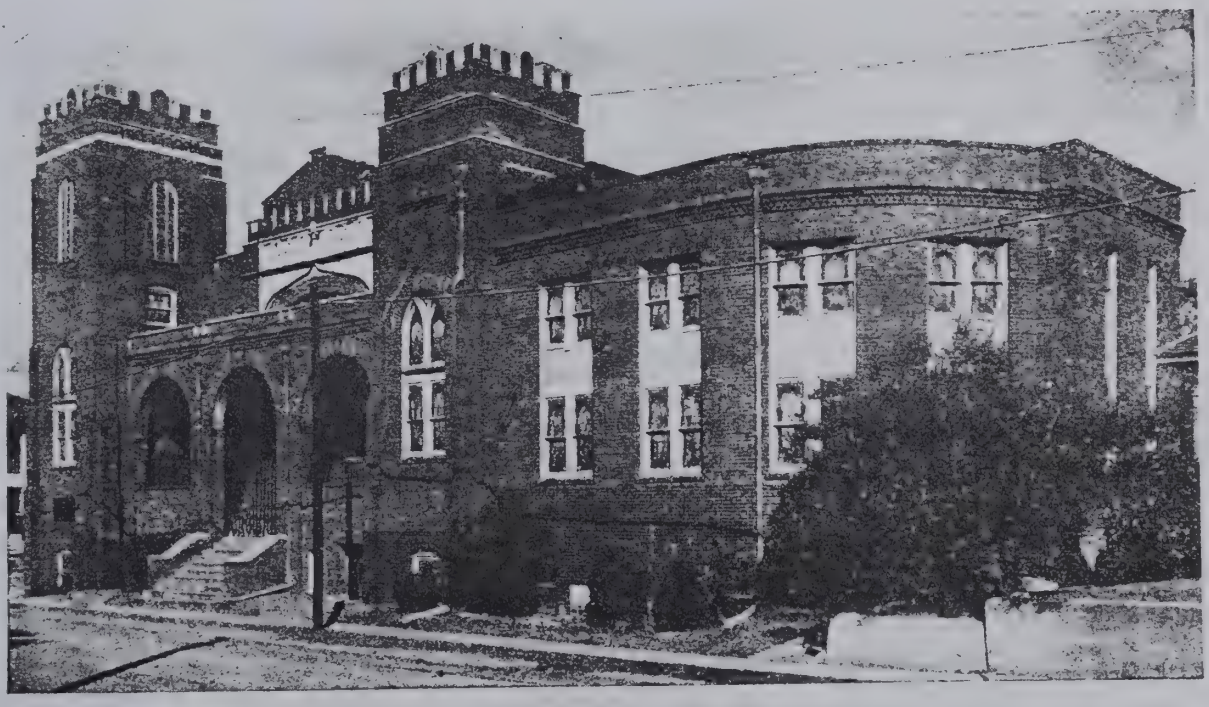

The physical plant is under supervision of nine competent trustees. At this date the following fill the office:

Dr. S. L. Brown, Chairman; Mrs. T. D. Marshall, Secretary.

Mrs. Claude McCain, Treasurer.

Dr. E. Homer Browne, Vice Chairman.

Mr. James Johns, Mr. F. P. Duncan, Mr. W. C. Isaacs, Dr. W. R. McMillan, Mr. Floyd Glass.

Interior Views of Church

Dr. F. W. Grant

St. Paul AME Church

"ONE OF THE LARGER CHURCHES OF METHODISM"

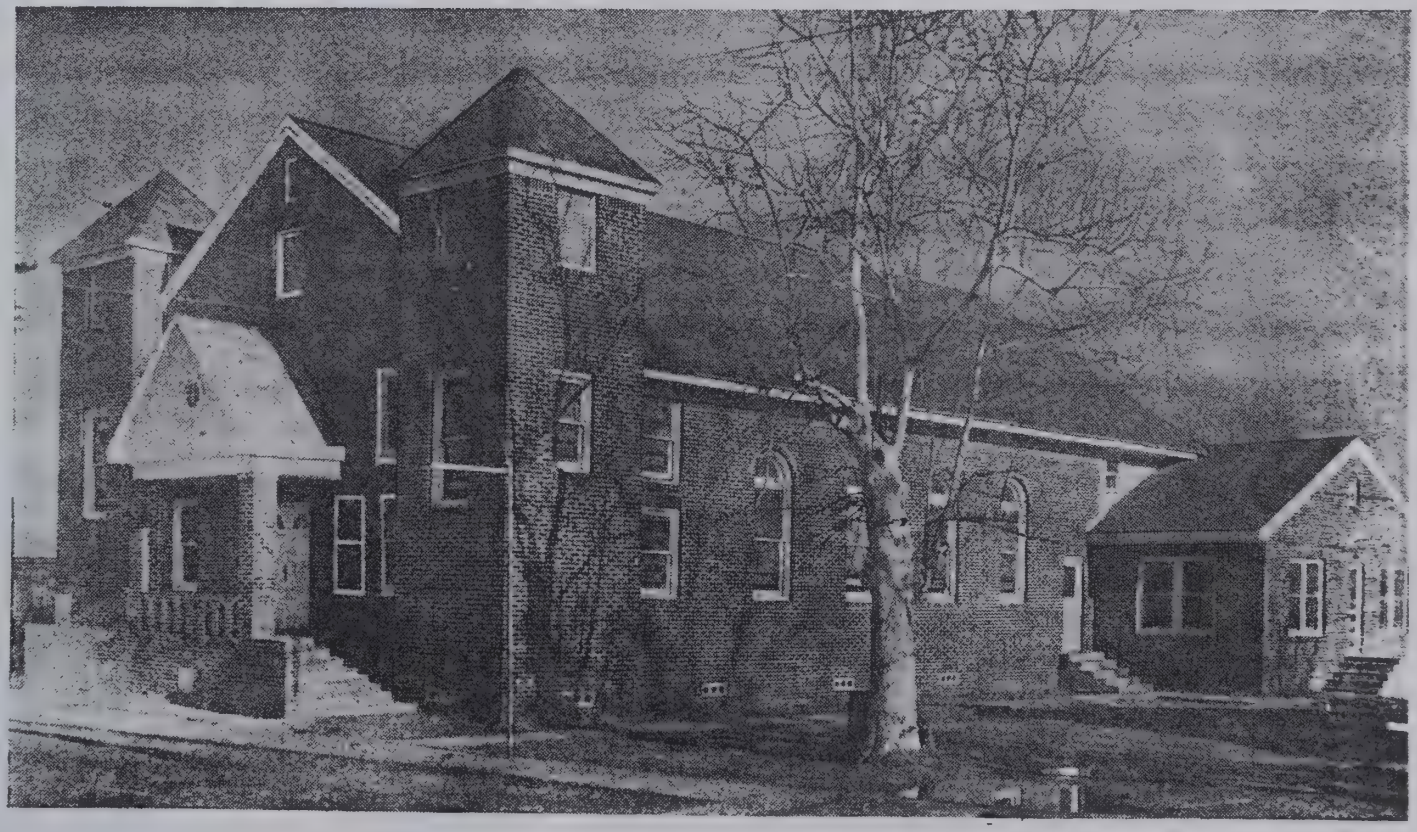

St. Paul A.M.E. Church, located on Metropolitan Avenue at Latimer Street, was built in 1926, by the late Rev. A. J. Smith at a cost of $5,000. This indebtedness, in the course of time, grew to around $10,000. In June, 1937, the present pastor, Dr. F. W. Grant, was appointed by Bishop George B. Young to serve the unexpired Conference term of the late Rev. W. M. Palmer. Assuming this great responsibility was only a challenge to this great humanitarian, philosopher and pulpiteer that it could be done. The mortgage was burned in November 1943.

The present edifice was erected in 1944 at a cost of more than $20,000 on a pay-as-you-go plan. It is among one of the most modernistically equipped churches in the Southwest, having a cooling system, speaking system, a 16 mm. sound projector, electric drinking fountains and a permanently employed secretary. It has been the site of many outstanding events.

St. Paul sponsors each summer a Daily Vacation Bible School. Its Sunday School is the largest of any A.M.E. Church in the City of Dallas. Its membership has grown from 125 to more than 400 members.

Dr. Grant was formerly a member of this church and served in every capacity that befits a layman. Then, he came back as its pastor, to do a job well done.

Dr. Grant enjoys the full confidence of the leaders of his State and is active in all of its councils. He represents Texas on the Publication Board, is a trustee of Paul Quinn College, and a member of the Executive Board of that Institution. His lofty ideals and brotherly spirit, plus his broad and intimate acquaintance with the leaders of the Church, make him a kind of connecting link between Texas and the General Church. He steadfastly believes that "man's extremities is God's opportunity" and humbly says, "that all credit and praise belong not to himself, but to God."

ST. PAUL A. M. E. CHURCH

Bethel AME Church

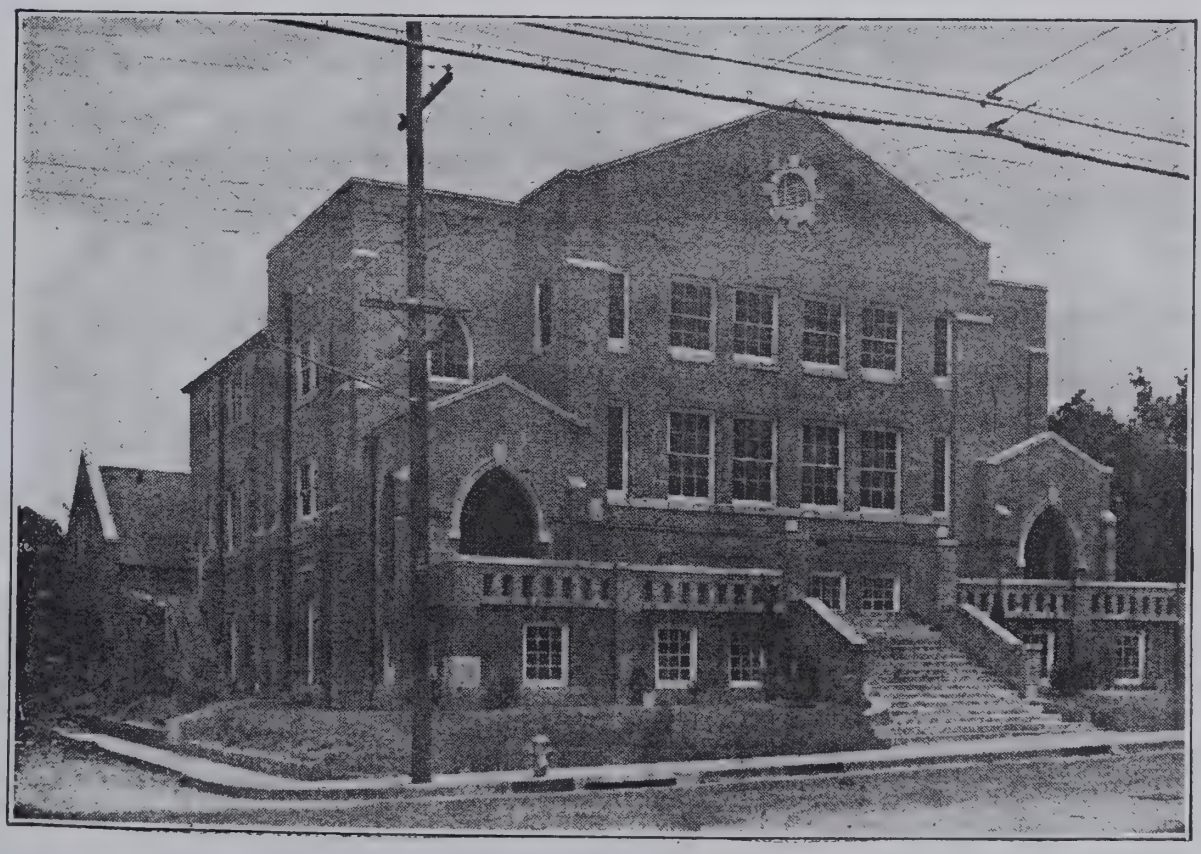

Rev. B. T. Alexander

Bethel A.M.E. Church, which stands on the corner of Leonard and Cochran Streets, was organized in 1872 with the late Rev. W. F. Love (Pappy Love) as its first pastor.

Before public schools were established by the City, this Church provided a day school for Negro children of the community. During the seventy-five years of its existence, the Church has had twenty-seven pastors, (some having served a second five-year term) and marvelous work has been done by these pastors. Under the pastorate of the late Rev. J. H. Armstrong, in May, 1885, Bethel was brought out of a one-room frame building to a beautiful brick edifice, thereby giving Dallas its first brick church for Negroes. In later years as the congregation increased, an enlargement of this brick edifice was made under the pastorate of the late Rev. J. T. S. White. As time moved on, the membership continued to increase until the idea of a new edifice was conceived; and under the pastorate of the late Rev. H. A. Carr, a sum of $1600 was raised and placed in the treasury as a neucleus for building a new church. The old church was torn down and the first unit of the present sturcture was completed and entered on July 3, 1927 under the pastorate of the Rev. Geo. B. Young, and paid for during the pastorates of Revs. J. W. McDade, L. M. Sanders, P. D. Sadler, Sr., and the late Rev. H. A. Carr during his second time as pastor.

For the conference year 1938-39, the presiding Bishop Geo. B. Young assigned to this Church its twenty-seventh pastor, the dynamic Rev. B. Tyree Alexander, who straightway appealed to the membership to build and complete the second unit of this Church, and in less than three years time on May 31, 1942, a happy congregation entered this magnificent structure, elegantly furnished, equipped with every modern convenience and completely paid for. The Church has continued on a cash basis since May 22, 1944. It has set an enviable record of progress during eight years under the pastorate of Rev. B. Tyree Alexander.

Bethel Church has also given to the A.M.E. Connection to serve in a larger capacity, such brilliant characters as the late Rev. J. H. Armstrong, who was elevated to the Bishopric, the present Bishop Geo. B. Young, now presiding Bishop of the 10th Episcopal District; the Rev. Chas. W. Abington, who is now Chief Editor of the A.M.E. Sunday School literature, and the late Rev. J. H. Smith, who wrote a history of the Church. The Vital Facts of the A.M.E. Church."

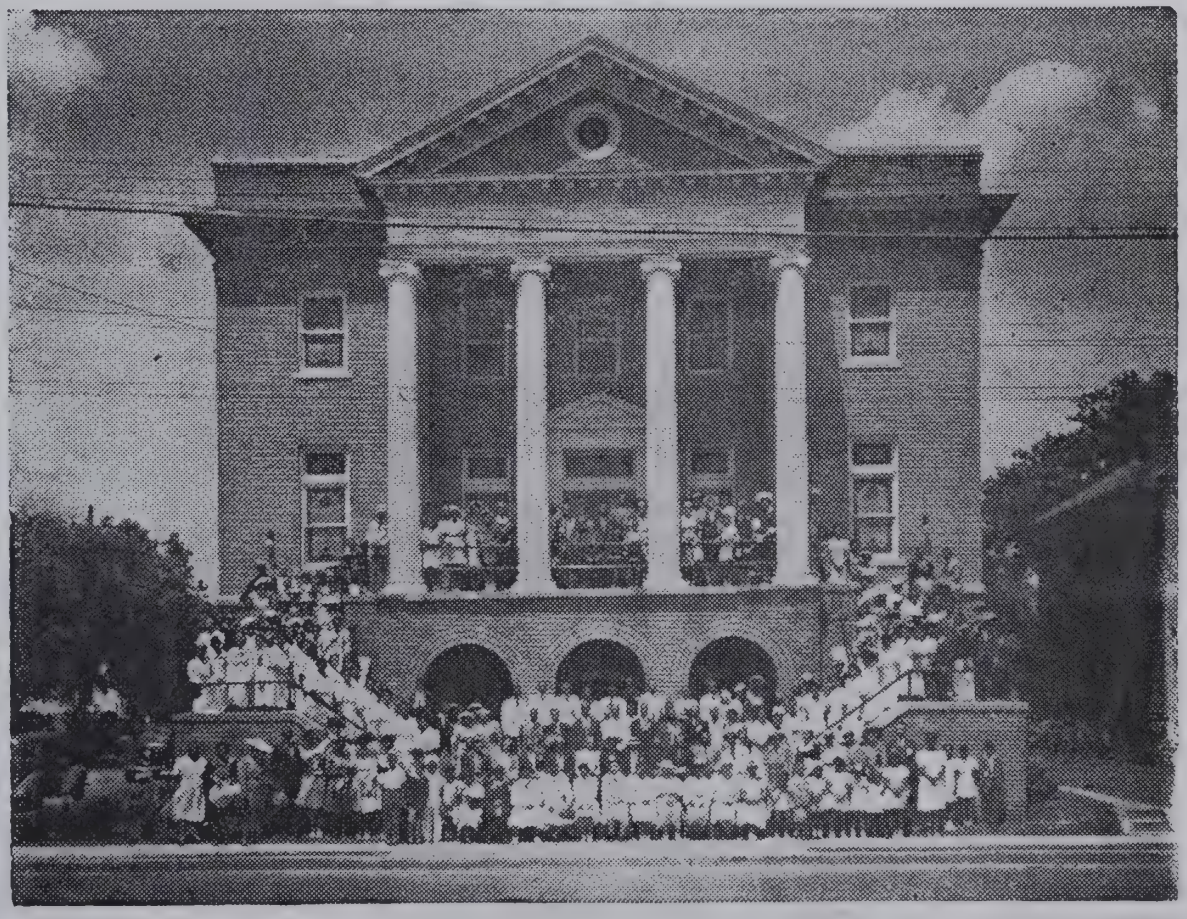

St. James AME Church

620 North Good Street

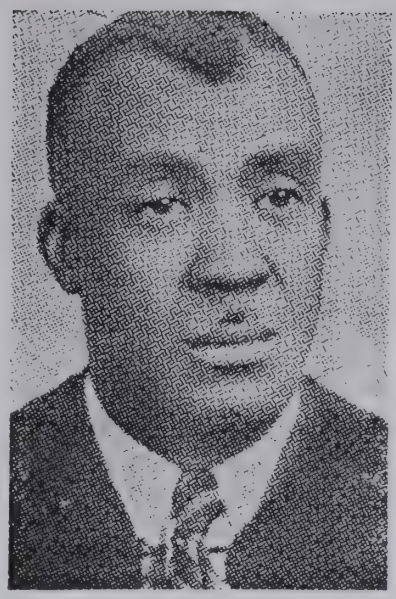

Organized in 1876 by the Rev. W. E. Carson. Present structure erected by the Rev. C. W. Abington in 1920. Long standing mortgage liquidated under administration of Rev. J. R. McGee 1946... Known as "THE CHURCH OF THE HELPING HAND". Pastor McGee and wife have served Mt. James 5 years. Mrs. McGee is director of Religious Education for the entire Dallas District. Both are Floridians, and products of Edward Waters and Bethu ne Cookman Colleges of Florida.

Rev. S. G. Gooden, Pastor

A Brief History Of The Pilgrim Rest Baptist Church

2525 Caddo Street **T3-5772**

By L. F. Lee

On September, year of 1935: A band of Christians, along with Rev. S. G. Gooden, met in the yard of Mother C. Murry, 3015 Routh Street and oragnized what is known today as The Pilgrim Rest Baptist Church.

Services were held at this address until a three room house was located in Caddo Alley, known today as Lilly Street. This was a very rough location as the people in that neighborhood had no respect for God or the ministry. After being in this location for several weeks the membership began to grow so fast the partition of the house was removed and it was made into a one room church structure. Services were held in this building until the pastor and membership saw fit to purchase a house and moved it from Caddo Street to Lilly Street and converted this into a church building; this was done successfully; only after holding services two Sundays in the new building it was completely destroyed by fire. This was a very discouraging hour.

This pastor and membership called a meeting in the front yard of Mr. Oscar Andrews on Weldon Street and it was agreed that they hold services in a tent until another building was erected. This was successfully done and services were held in the building and location until the membership grew much larger and it was decided to change locations and enlarge the building. This church was moved from the Lilly Street location to its present location on Caddo St.

The building has been enlarged four different times.

In the year of 1947, in the month of June the pastor and members decided to build a new and larger church, this building is about completed as opening services are scheduled for the fourth (4th) Sunday in October.

For the twelve years of this organization the pastorate has never changed; Rev. S. G. Gooden, being the founder and organizer. Much has been accomplished.

Caddo Alley was converted into Lilly Street and made through God a better place in which to live.

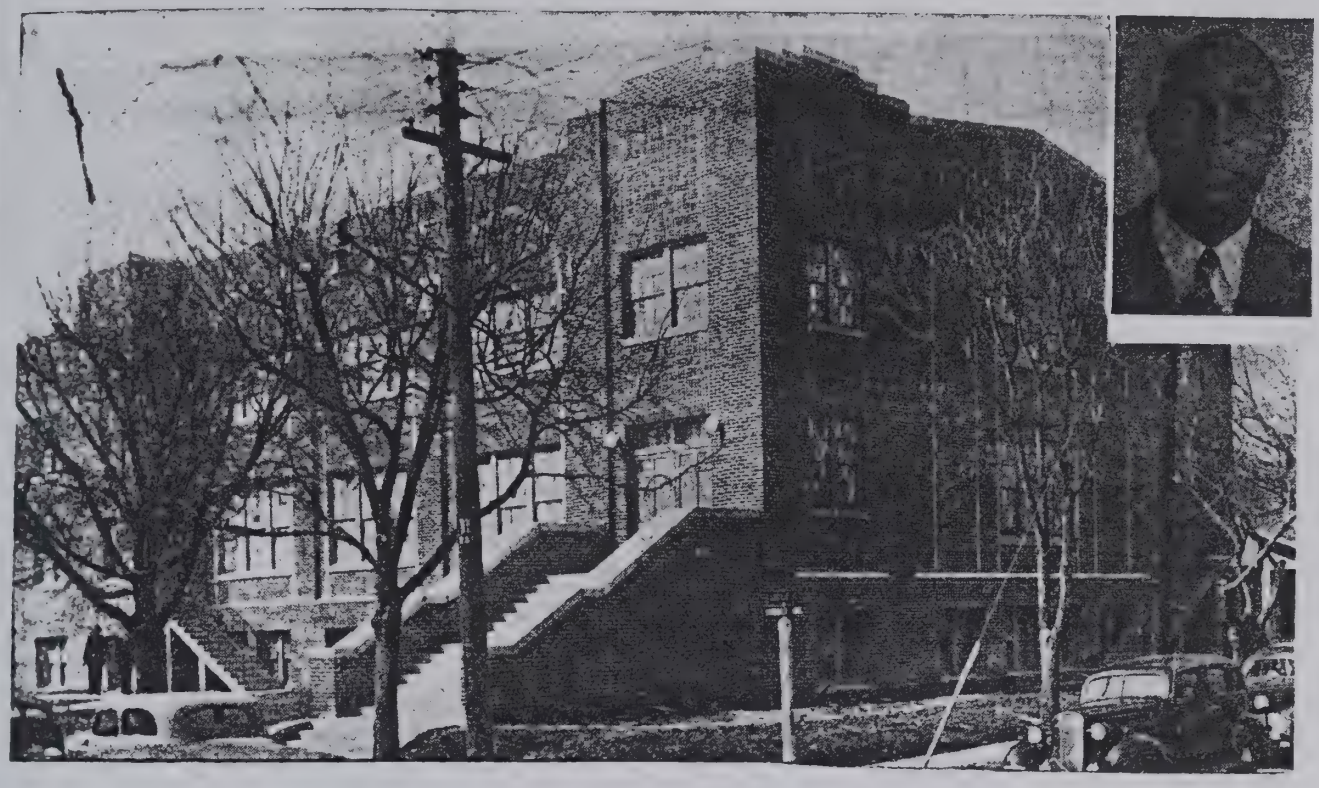

The membership has grown from five members to two thousand and one hundred (2,100) in which a smaller part of this original group is still active. In the brief history of this church five to ten ministers have been added to the cause of the Gospel.

May God bless this membership and our Pastor Rev. S. G. Gooden and allow him many years hence to enjoy the "favors" and save dying men and women from a burning hell.

Right
Sherman A. Harmon
Executive Secretary

The future of youth everywhere is of vital concern to the YMCA. One of the bigger projects in the Dallas building program is the expansion of the Moorland Branch. The present building is one of the finest in the country devoted to the service of Negroes.

It has done yeoman duty in providing a worthwhile program for the Negro population of Dallas. Energetic goodwill, however, is not sufficient to cope with the ever-increasing number of persons desiring to use the Moorland "Y" facilities.

Moorland Branch YMCA is the main center of community activities. Located at Flora and Boll streets, the building was erected in 1931 through the generosity of the people of Dallas. Adults as well as youngsters make use of its facilities.

Moorland will continue *"to serve youth that youth may better serve"*

LANGSTON UNIVERSITY

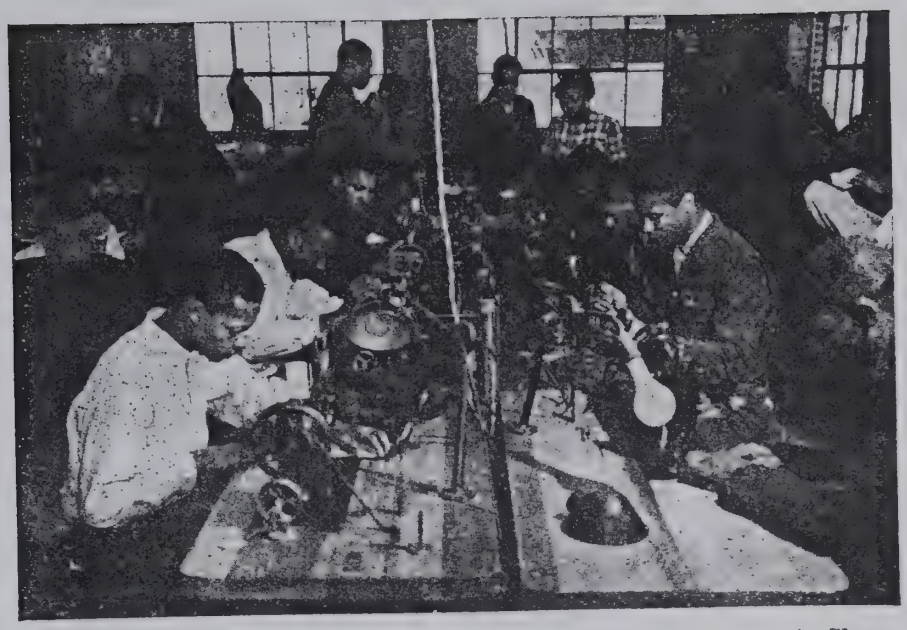

SANFORD HALL—A New Modern Dormitory for Girls at Langston

HISTORY

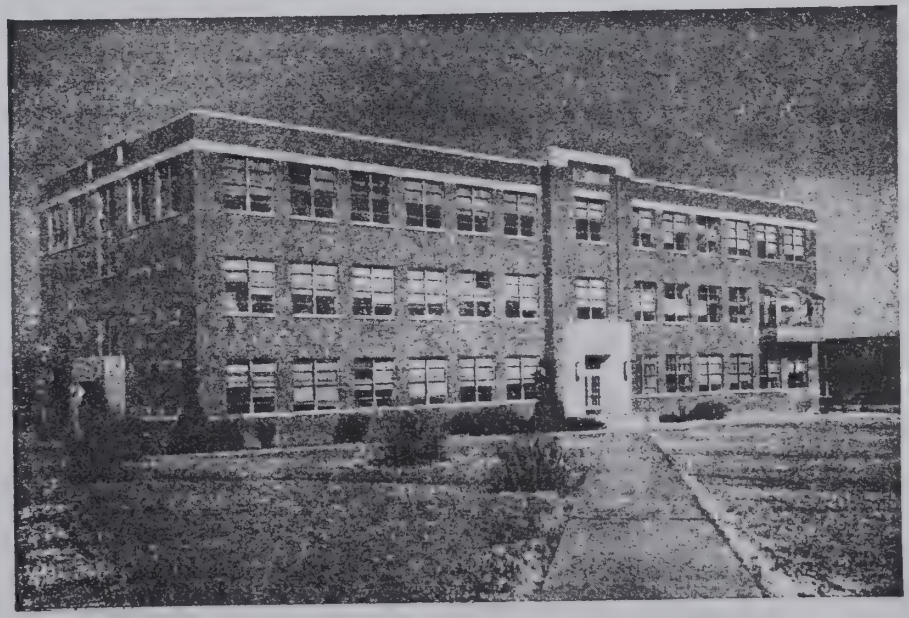

Langston University was established on March 12, 1897, by Act of Territorial Council and House. It is located at Langston, Okla., eleven miles east of Guthrie and one and one-half miles west of Coyle. The College is situated on a beautiful hill overlooking a vast expanse of open prairie. It is within easy walking distance of the village of Langston, a community of some five hundred people.

Full courses are offered for the bachelor's degree in Agriculture, Arts and Sciences, Elementary Education, Home Economics and Industrial Arts. The university offers also a large variety of trade and vocational courses. Special programs are arranged for veterans.

Langston University is fully accredited as a four-year senior college. Graduates of the university are accredited for employment by the State Department of Education in Oklahoma and in many other states of the Union. Students at Langston University find time to take part in extra-curricular activities such as basketball, football, etc. There are seven national Greek-letter organizations recognized by the university, and three social clubs. The Greek-letter organizations are as follows: Alpha Kappa Alpha Sorority, Delta Sigma Theta Sorority, Zeta Phi Beta Sorority, Sigma Gamma Rho Sorority, Alpha Phi Alpha Fraternity, Kappa Alpha Psi Fraternity, Omega Psi Phi Fraternity.

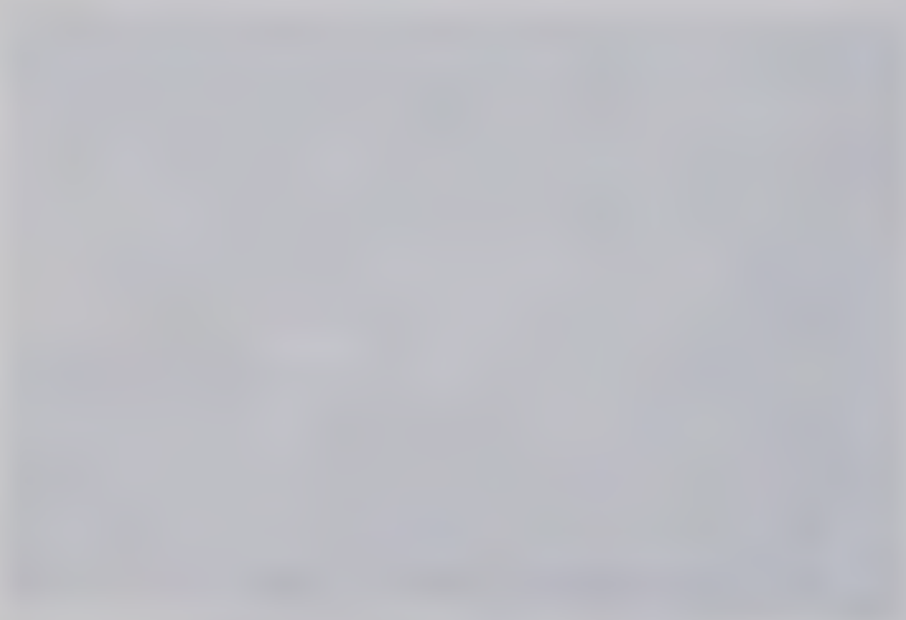

Langston University Veterans receive special training. A Class in tailoring is shown above

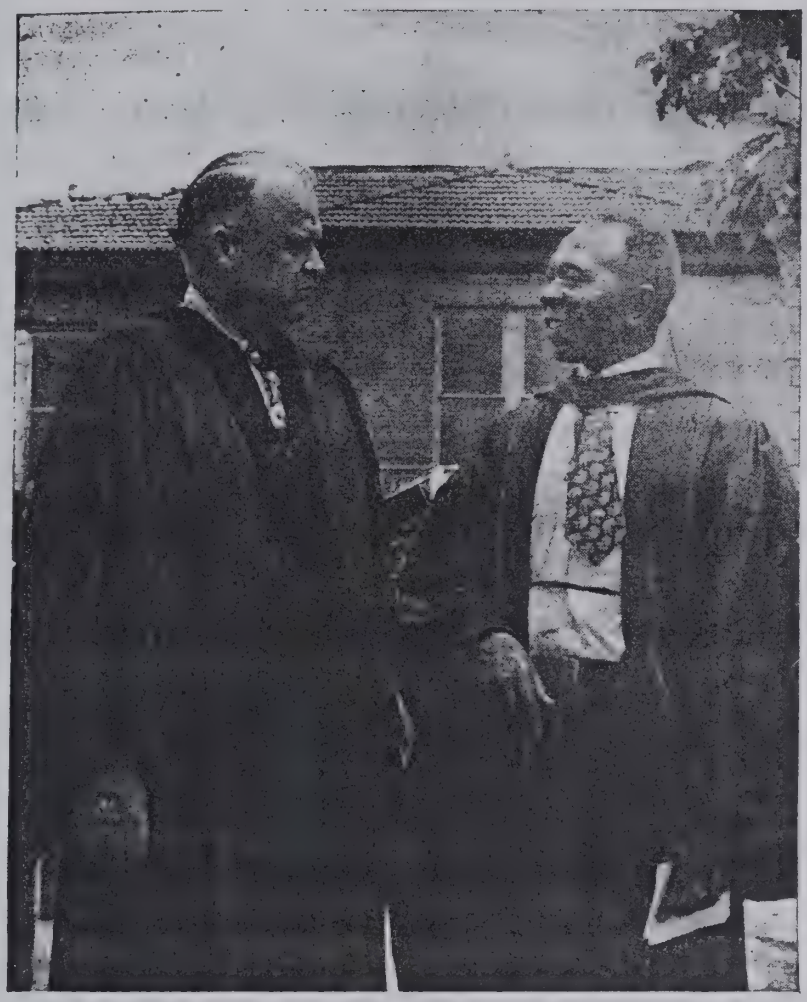

SCIENCE-AGRICULTURAL Building
Some Administrative offices are housed in this building on the Langston Campus.

LANGSTON UNIVERSITY

Ex-Governor Robert Kerr of Oklahoma, a Commencement Day speaker at Langston University and President G. L. Harrison

Now in his eighth year as president of Langston University, Dr. G. Lamar Harrison has distinguished himself as one of the nation's leaders in the field of higher education. He came to the University as its head at a time when higher education everywhere was facing a crisis. The war in Europe had just begun and an enlightened public opinion was beginning to question the effectiveness and useful purpose of higher education throughout the nation. The war, at so early a stage, had foreshadowed a change in our political, social and economic relationships. Under the pressure of such circumstances, Dr. Harrison was not unlike other university presidents, and immediately set about planning a program for the higher education of Negroes in this and the postwar period. Under his leadership Langston began to make its contribution to the war effort by adjusting its course offerings and by adding special war training courses designed to provide trained personnel for the war effort. The records show that the institution sent to the war industries of Oklahoma alone several hundred highly specialized workers.

Dr. Harrison is a native of Oklahoma and received much of his early training in Oklahoma schools. His undergraduate training was obtained at Howard University. The University of Cincinnati conferred upon him the degree of Bachelor of Education and Master of Arts, while the Ohio State University awarded him the degree of Doctor of Philosophy.

He was for a time professor and head of the Department of Education at Virginia Union University. He was again professor and director of Elementary Teacher Training at West Virginia State College, and was for eight years dean of education at Prairie View State College. He was also for one summer a visiting professor in the graduate school at Virginia State College.

For five years, Dr. Harrison was a member of the Board of Trustees of Wilberforce University, serving as chairman of the Board's Finance Committee. He has been president and vice-president of the Conference of Negro Land-Grant College Presidents. He is vice-president of the American Teachers' Association and holds membership in the National Education Association, Association of College Teachers of Education, Alpha Phi Alpha Fraternity and several other professional and social organizations.

THE REGISTRAR,

TEXAS COLLEGE, TYLER, TEXAS

Jarvis Christian College

Hawkins, Texas

Pres. P. C. Washington

In just thirty-five years after its foundation in 1912 Jarvis Christian College is prepared to make a serioues bid for a top berth among the colleges for Negroes in the State of Texas. Jarvis is neither too young as to not be possessed with a sense of direction and of destiny, nor is it too old a sto be static and unable to adjust to the changing demands of a constantly changing world.

A deep commitment to the Christian faith is at the center of the philosophy of the college. Values which have been tested in human experience across the years are lifted up and given prominence in all phases of college activities.

Jarvis Christian College is conveniently located on U. S. Highway 80 and the Texas & Pacific Railroad one mile East of Hawkins. This location affords a restful and peaceful setting for study—not too close to urban centers as to be lost in the diverse activities of city life nor too isolated as not to be able to share in the cultural advantages of urban areas.

Majors are offered in biology, chemistry, history, home economics, English, literature, mathematics, religion, French and sociology. In addition courses are offered in music, health, and physical education. The Education Department offers courses which qualify students who complete the required number of hours to receive a permanent teacher's certificate in the state.

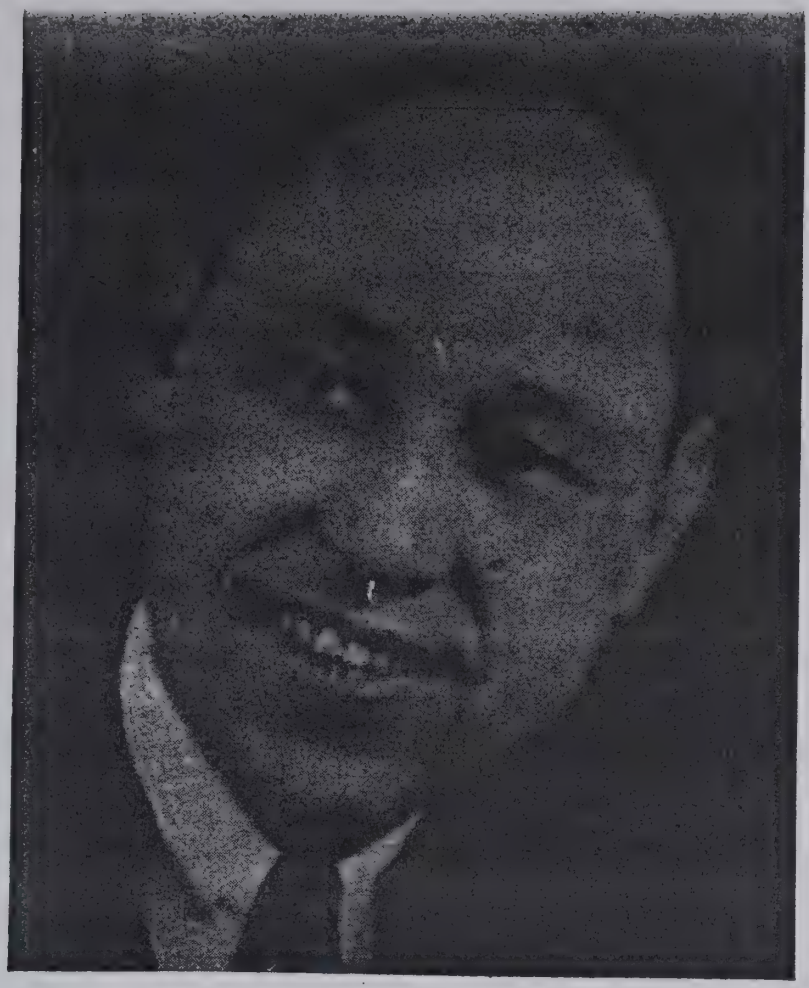

Degrees granted by the college are B.A., B.S., and B.R.E. Graduates of Jarvis Christian College are admitted as candidates for higher degree in leading state and private universities and professional schools.

Registration dates for the school year 1947-48 are as follows: September 9 and 10, 1947, registration for first semester; January 27, -948, registration for second semester.

Address all communications and inquiries to THE REGISTRAR, Jarvis Christian College, Hawkins, Texas.

IDA V. JARVIS HALL FOR WOMEN

H. M. MORGAN, President Tyler Barber Chain

Tyler Barber College
TYLER, TEXAS

The idea of Tyler Barber College was conceived in the mind of H. M. Morgan during the time the Texas Barber Law went into effect in 1929. He saw the need of an Institution of that kind in order that Colored men and women might be trained to be professional barbers. At the time, no Institution for the training of Colored Barbers existed anywhere in the United States. His imaginative power continued to expand along this line until he founded TYLER BARBER COLLEGE in April, 1933, which marked the opening of the first college of its kind in the Western Hemisphere for Negroes.

In December of 1937, a branch of Tyler Barber College was established in Houston, Texas, in a very small building. However, the Houston branch of Tyler Barber College now owns a campus containing three fire-proof buildings, two dormitories; one for men and one for women. When the main building was completed three years ago, it was the most elaborate and most complete building of its kind in the South. The Institution in Houston, Texas, has more than one hundred and twenty-five students who work under very efficient management and a strong faculty. For this reason, the force, validity, importance, purport and general intent of Tyler Barber College are being felt throughout the Southwest.

On September 15, 1945, Mr. Morgan announced the opening of Tyler Barber College at Jackson, Mississippi, a third branch of the Institution. The school was the first of its kind east of the Mississippi River for colored and has one of the finest work shops or practice departments of any school in that part of the South.

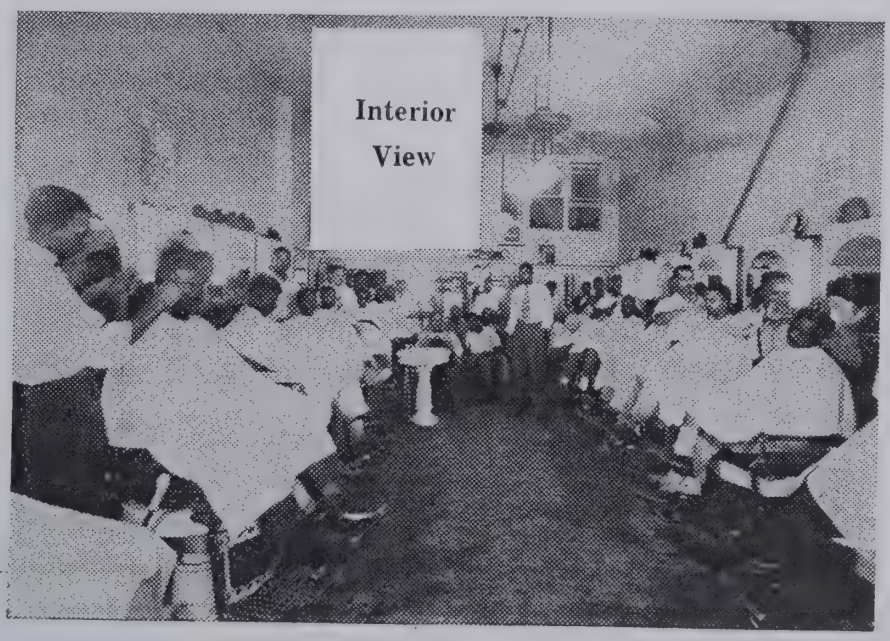

Mr. Morgan has just released the information that a more lucrative and spacious building is now under construction in Jackson and when completed will accommodate seventy-six students yearly. When the building is finally completed, it will go a long way toward solving the demand for professional barbers in Mississippi, Alabama and Florida. The school is destined to be the largest of its kind in the Southwestern part of the United States.

On March 18, 1946, another link was added to the chain of Tyler Colleges. This branch was opened at Little Rock, Arkansas. Ten days after the Institutions' opening date, the school was filled to capacity and persons from Kansas, Missouri, Tennessee and Louisiana were turned down for consideration at the earliest date possible.

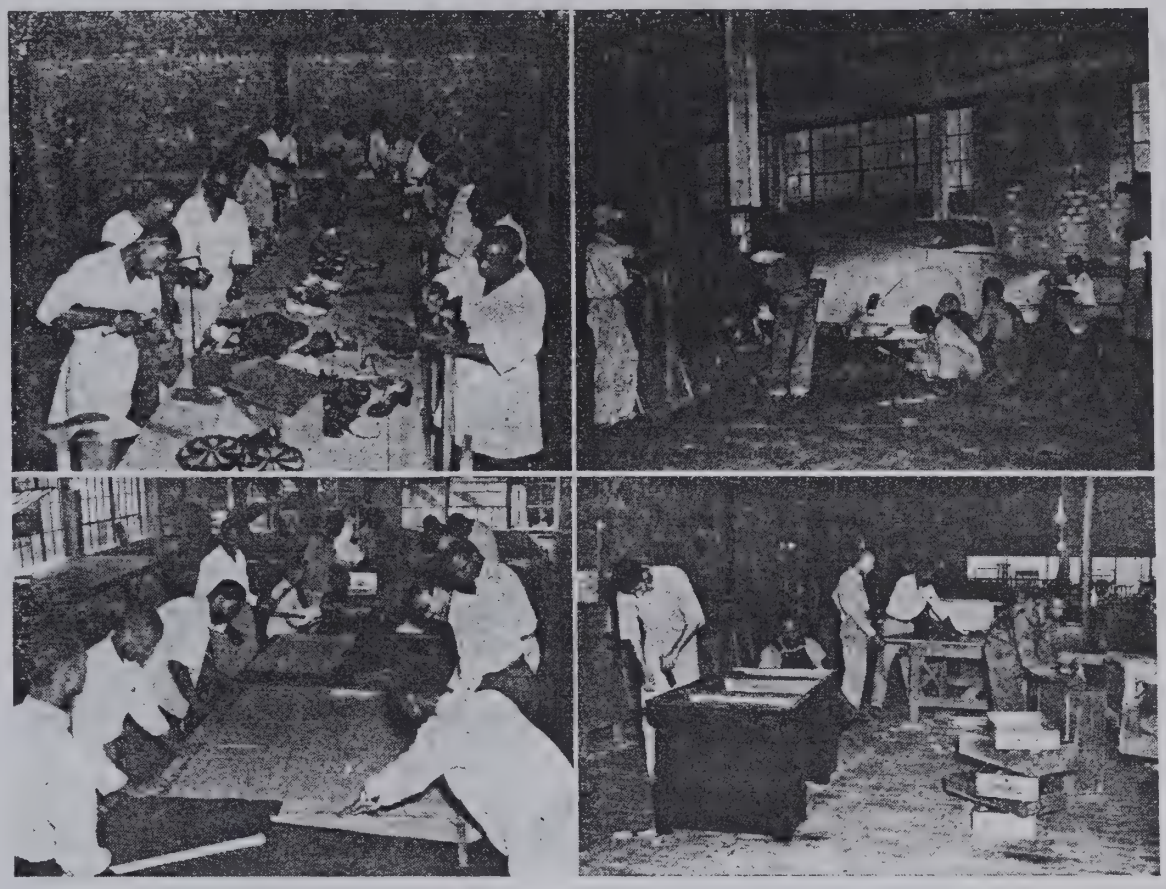

The Parent Unit of the CHAIN OF TYLER BARBER COLLEGES, located here in Tyler, Texas, has completed a very modern Administration Building, modernly equipped with the most luxurious and extravagant equipment found on the present day market. Well informed and widely traveled persons acclaim this the most modern institution of its kind in the entire United States.

Tyler Barber College

Jackson, Miss.

OUNT THE COST *Gladly...*

YOUR TP&L ELECTRICITY IS *Cheaper* THAN EVER BEFORE!

Had you noticed that your electric service is just about the only item on your household budget that costs *less* than before the war? Yes, it's true, your TP&L electric rates... which for 25 years have maintained a constant downward trend... have actually been reduced *since* the war, while nearly all other living costs have gone up and up.

Electricity does so much in your home, and costs so little, it's easy to take it for granted. At the flick of a switch it will light the house, keep food safe, cook the meals, wash the dishes and do the laundry.

More than ever, you can count the cost of your electric service... gladly. For electricity now brings you more ease and comfort, *at less cost!*

Mr. Terrell was born in Austin, Texas, February 27, 1917. He attended elementary and high schools of that city. He also spent one year at Tuskegee Institute, Tuskegee, Alabama.

He served as president of Ebeneezer Baptist Church Choir, formerly The Bright and Early Choir heard each Sunday morning over the Texas Quality Net Work from September, 1939, to June, 1942.

July 21, 1942, he entered the Armed Forces and served with the 477th Bombardment Group (M) with Colonel B. O. Davis, Jr., as Commanding Officer. He was discharged November 27, 1945, with the rank of Staff Sergeant.

He started working for Schepps Grocery Supply, June 2, 1947, as a salesman. Up to the present time he has worked in the house getting acquainted with the stock and prices. He is now ready to serve with the best in the grocery line and prices that can't be beat.

Mr. Terrell invites you to call him for your grocery needs. If you want to stock up your store or open a new store, always call him first. Remember to partonize the man that has your interest at heart. We are ready to serve you with fast, courteous delivery service.

LOTT'S
FUNERAL HOME

2200 Thomas Ave. Ph. C-6960

Dallas, Texas

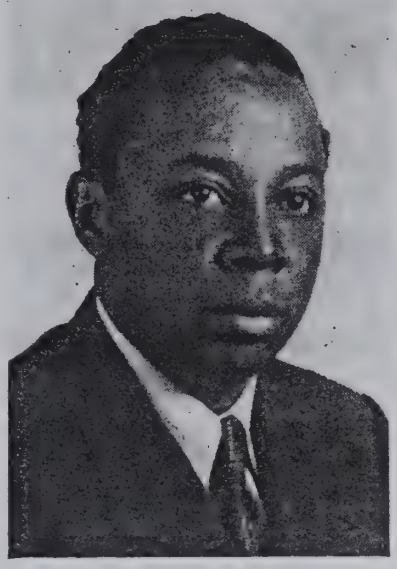

REV. J. L. LOTT, Owner

Lott's Funeral Home extends greetings to our many friends. We feature: (1) Funeral Service that is distinct (2) Service that is kind, courteous, and sympathetic (3) Service that is conducted by licensed Embalmers and Funeral Directors, and (4) Funerals complete at reasonable rates.

We began our operations in June 1942, on a meager investment of $200.00. Today that investment has grown into one of the leading Funeral Homes and Burial Associations in the State. It is our determination to insure recognizable and dignified Funeral Services for the Negroes of Dallas and surrounding territories, and to offer employment for our sons and daughters.

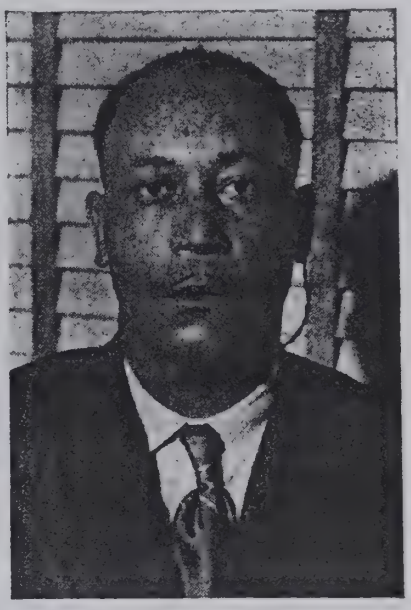

Licensed Funeral Directors and Embalmers for our many policy holders assures you of the type of Service that lives up to its reputation.

We have added to our organization the Great State Life Insurance Company, offering up to $300.00 worth of Insurance on small weekly rates. Any well thinking person desires to have his needs adequately provided for. Insurance with Lott's Burial Association and Great State Life Insurance Company is your assurance of Burial protection. No more in prices but more in service.
